[REDACTED] Progress Report for Week Ending 27 December 1947

25X1A9a
25X1A6a

1. Attached, for your information, is a copy of [REDACTED] Progress Report on the [REDACTED] project for the week ending 27 December 1947.

2. Your attention is invited to the discovery of two defective lengths of RG 85/U cable mentioned in paragraph one and to the incorrect substitution of soft-drawn copper for phosphor bronze antenna wire cited in paragraph five. Pressure of time requires that the materials be used as furnished, but it is recommended that the deficiencies be called to the attention of the respective suppliers.
